Thurston County Chamber Recognizes 44 Local Organizations with “Green Business” Designations

For Immediate Release

Thurston County, WA — Forty four Thurston County businesses received a Green Business designation at today’s Thurston County Chamber Forum Luncheon. The designations are part of the Chamber’s “Thurston Green Business” program, a partnership effort involving the Thurston County Chamber, City of Olympia, City of Lacey, and Thurston County.

Through “Thurston Green Business,” participating businesses were recognized for their efforts to be sustainable in the areas of green building, waste reduction and recycling, water conservation, energy efficiency, pollution prevention, and more. The program is supported by Puget Sound Energy, LeMay, Inc., Olympia Federal Savings, Intercity Transit, and LOTT Alliance.

Special recognition was given to top honorees in three categories. The top award for Small Businesses went to Jensen Kokis Erwin Law, while Occasions Catering & Special Events was recognized as the top Medium Business honoree. The Evergreen State College took away top honors for Large Businesses.
